

HIGHER CLASS BAG FILTERS

Type: higher performance bag filter.

Application: ventilation, air conditioning and high-performance industrial systems:

- office buildings,
- hotels,
- shopping centers, other public buildings,
- sports arenas,
- hospitals and laboratories,
- industrial facilities.

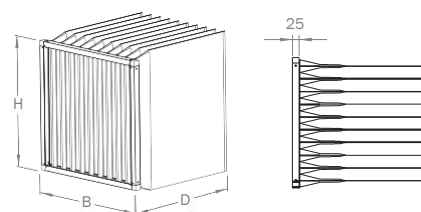

Higher class bag filters hold the smallest particles from the air such as fine dust and pollen.

Frame: galvanized steel (25 mm) or sturdy plastic (20,25 mm).

Filter media: high-quality polypropylene and polyester.

Maximum permitted temperature/relative humidity: 70°C/100%.

Also we can produce custom-sized filters.
